ALLIES' LINES ARE ADVANCING

Dispatches Say There is a Gradual Withdrawal of Germans.

LEAVING TRENCHES.

Invaders Declared to be on Defensive Everywhere—Only Sporadic Attacks—Assault Repulsed.

Paris, Nov. 30—The allied lines are now being advanced south of Ypres. It is declared that gradual withdrawal of the Germans is evident. British and French troops are pressing forward, occupying the abandoned trenches.

Throughout last week the artillery attacks of the Germans gradually slackened, and it is now declared that many of the trenches in the inundated section of Flanders have been evacuated by the enemy.

South of Ypres, which is in ruin from the German bombardment, the allied advance has been cautious. Heavy artillery fire has been directed against the Germans, under cover of which new trenches were occupied, but a general offensive has not yet developed.

No changes along the battle line in Belgium and France was reported in today's official communique.

It was declared that the Germans nearly everywhere remain on the defensive.

Sporadic attacks are the rule. One of these attempts around Bagatelle was repulsed.

It is accepted here that the position of the allied armies is entirely favorable. It is confidently believed, however, that with the slackening of fighting on land in the western theater, greater activity may be shown at sea by the Germans. Work at Zeebrugge is being pushed with the utmost speed. The German submarines there are now reported entirely ready for sea duty, and parts of additional vessels are said to have arrived by rail for construction in the dock yards.

IN CORPORATION COURT.

Motion to Correct Assessment on Two Estates Argued.

A motion to correct the assessment on the estates of John A. Marshall and Zora Hill, was made before Judge Louis C. Barley, of the Corporation Court, today by Colonel Francis L. Smith, attorney for the two estates. The assessment had been made by W. N. Lipscomb of Manassas, examiner of records of this judicial district and covered personal property which it is said was omitted from the assessment book for ten years prior to the death of the two men. In the Marhall case the assessment amounts to approximately $1,000,000 and in the Hill case to $150,000. The state is represented by Samuel G. Brent, commonwealth's attorney.

DEATH OF MRS. HARRISON.

Charlottesville, Va., Nov. 30—Mrs. Eizabeth Stuart Harrison, widow of Dr. James Albert Harrison, for years professor of Teutonic languages at the University of Virginia, died last week. She was a daughter of John Letcher, war governor of Virginia. When the Prince of Wales the late King Edward, VII., visited America in 1860 she received him at the Executive Mansion in the absence of her mother. One son, Letcher Harrison, of the University of Virginia, survives together with two brothers and three sisters.

After December 1st, the City Treasurer, according to law, will be compelled to add the extra amount prescribed.

NEWS OF THE DAY

Led by former Foreign Minister Stephen Pichon, the Paris press has begun a campaign to permit Japan to fulfil her desire to send troops to Europe to fight Germany.

President Wilson has appointed Seth Low, of New York; Charles W. Mills, of Philadelphia and Patrick Gilday, of Clearfield, Pa., as a commission and "instrumentality of peace" to settle the Colorado coal strike.

The Austrian losses in the Servian campaign up to November 1 according to war office documents, were 791 officers, 37,647 men killed; 2,219 officers, 90,736 men wounded; 118 officers, 17,087 men missing. Since then the Austrians have lost 25,000 more.

Trench fighting in a cemetery near Arras was marked by a ghoulish episode when both French and German engineers happened to hit upon the plan of boring a tunnel beneath the tombs in order to reach the enemy. The diggers came face to face in the center of the cemetery and a sanguinary combat with pickaxes followed amid the shattered coffins.

The Kolnische Zeitung of Rotterdam has received from an authoritative source in Berlin assurances that the persistent rumors of peace proposals there are absolutely without foundation. The message continues: "The military and economic situation is such as to supply no reason even for the consideration of the question of peace."

Pope Benedict XV in person solemnized yesterday the marriage of Prince Rufo della Scalotta and the Countess Gabriela Bacci, in fulfillment of a promise he made while Archbishop of Bologna. This is the first time a Pope has personally officiated at a marriage since Pius IX married Alfonso Bourbon, Count of Cazarta, to the daughter of Count Trapani in 1869.

Mrs. Albert Winsten, wife of a diamond broker, wealthy, attractive, the mother of two boys, and chatelaine of a splendid estate at Dobbs Ferry, killed herself under dramatic circumstances by leaping from the eighth floor of a hotel in New York yesterday. To accomplish her end, she made her husband a prisoner in a locked room.

Within 24 hours of the divorce granted to his wife in Connecticut, Dr. Joseph Blake was married secretly in Paris to Mrs. Katherine Duer, wife of Clarence H. Mackay until February last, when she was divorced.

Rev. Frederick Nicholson, of the First Spiritual Church, of Worchester, Mass., has appealed to the chief of police for "protection against love sick maidens and scheming mothers." For weeks, he said, his life has been made unhappy by love litters and telephone calls. He turned over to police a package of letters. Police officials subsequently visited one home and advised that attentions to the pastor cease.

The business section of Marienville, Pa., near Tionesta, was wiped out by fire yesterday. Twenty buildings with their contents were destroyed, the loss being estimated at $150,000. Nearly 100 persons were made homeless. A spark from a railroad engine is believed to have started the blaze.

Lowe Daniels, a mountaineer, was yesterday placed in jail at Asboro, N. C., charged with the murder of his sister, Cora Daniels; his wife's sister, Ethel Luther and Edgar Varner. The three were found dead from bullet wounds late Saturday in Daniels' home. Mrs. Daniels also was seriouly wounded. The cause of the quarrl is not known.

A. W. Stokes, a Macon, Ga., lawyer, on Saturday was found guilty of the murder on July 4 last of Virgil Thomason, a contractor, and on recommendation of the jury was sentenced to life imprisonment. Stokes advanced the pleas of self defense and the "unwritten law," declaring on the stand that Thomason had broken up his home.

KAISER'S BIG ARMY ESCAPES FROM TRAP

William Appears in Person on Battle Front in East Prussia.

NO DECISIVE RESULTS.

Germans Said to Have Suffered Enormous Losses—Failed in Their offensive Movement.

London, Nov. 30—The Kaiser's big army in Poland, caught in a Russian trap between the Warthe and Vistula rivers, is laboriously extricating itself. The Kaiser in person is on the battle front directing operation.

There has been no decisive results in the terrific struggle there. The Russians continue to have the upper hand, but the German forces, fighting gamely against the predicament in which they found themselves a week ago, have not suffered the predicted annihilation.

This information comes today from Berlin. Even the Petrograd dispatches warn the public not to accept unofficial reports of a crushing Russian victory. That the Germans have suffered enormous losses and haxe failed in their offensive is asserted but the official announcement says "the fighting is not yet finished."

Other reports from the battle front give the ermans credit for wonderful bravery and stubborness in fighting against heavy odds. A week ago the German army found itself flanked, the Russians, by a series of feints and retreats, having succeeded in almost completely surrounding the Teutons in their march upon Warsaw.

Gradually the Germans are fighting their way out of the trap, and they may escape entirely—although the losses admittedly will be large. At one time it appeared that the Czar's soldiers would gain in this region a victory so decisive that it might shorten the war.

ELECTRIFIED FENCE FATAL

Norfolk, Va., Nov. 30.—W. J. Whitley, a wood dealer in Prentis Place, was fined $200 Friday night, under the verdict of a jury, which tried him in Norfolk County Circuit Court on a charge of murder growing out of the death of John A. Rusk, who was electrocuted when he tried to pass over a fence on which Whitley had introduced an electric current into the barbed wire fence, and had thus been responsible for Rusk's death. The jury's verdict was involuntary manslaughter.

NO EMBARGO AGAINST STATE

Shipment of Cattle and Hogs Will Not be Stopped.

Washington, Nov. 30.—Shipments of cattle and hogs from Virginia will not be stopped for the present by the Department of Agriculture on account of the outbreak of the foot-and mouth disease in Loudoun county, Virginia. Loudoun is the only county to be placed under quarantine. Should the whole State be placed under quarantine it will interfere seriously with the shipment of live stock to the Baltimore and Philadelphia markets from the Valley sections.

Only an isolated case of the disease has been found in Loudoun. The Department of Agriculture officials are making an inspection of the county and if no other cases are found Virginia will be left free to ship its hay and cattle into Baltimore and Washington. On account of the quarantine covering hay, Washington is dependent upon Virginia for food for thousands of horses in this city.

VA. A. C. CHAMPIONS

Virginia A. C. Outcasses Mohawks of Washington, D. C.

By defeating the Mohawks A. C. yesterday the Va. A. C. now has the claim on the 140 lb. championship of Washington, and Virginia.

The crack Mohawk A. C. of Washington, D. C. suffered the first defeat of the season at the hands of the Fast Virginia eleven yesterday by the score of 34 to 0. This young eleven are becoming known as the best team ever representing this city on the gridiron, having played seven games and won them all is something for the team to boost about.

In yesterdays game the boys of the home team were never in danger of being scored upon and started after their heavy opponents with a rush. In the first quarter neither side scored but the home boys carried the ball to the visitors 10 yd. line where they lost it on downs. At the beginning of the second quarter with the ball on the Mohawks 2 yd. line the visitors tried a forward pass which was intercepted and carried across the visitors goal line by Nalls. After this the home boys took things easy and were never in danger.

The Virginia A. C. have sored 198 points to the opponents 13 which is something to be proud of. In yesterdays game the Va. A. C. were forced to use some of its subs and they played a steady game.

Much of the credit for the winning should go to the heady work of quarterback Roberts who uses his men to the best of advantage. The stars of the day are hard to pick as the whole team worked like a piece of well oiled machinery, while the back field and the two ends played a steady game, the ends at times breaking up the plays of the opponent and making long gains by the use of the forward pass.

In the backfield the star is hard to pick. Nalls at fullback, and Curtain, and Wenzel at halfbacks made gains by their specular end runs and plunging through the line.

Sunday the Va. A. C., will play the strong Tokama A. C. of Washington, D. C. at 3:00 o'clock.

The manager is now trying to arrange a game with the National A. C. of Washington, D. C. who are claiming the championship of the D. C. for all weights which if played will take place in this city on December 12.

LATE E. B. KEY.

Funeral of Former Resident Attended by Members of Alexandria Lodge of Elks.

Funeral services for E. B. Key, a former resident of this city, were held yesterday afternoon from Wheatley's undertaking establishment and were attended by members of Alexandria Lodge of Elks of which the deceased was a member. Funeral services were conducted by the Rev. Edgar Carpenter, rector of Grace Episcopal Church and the Elks' funeral service was rendered at the grave by Exalted Ruler George T. Caton and the officers of the lodge. A "Lodge of sorrow" was held by Alexandria Lodge of Elks Saturday night at which time resolutions were passed regretting Mr. Key's death.

FIGHT FOR HEALTH OFFICER

No Dark Horse Expected at Next Meeting of Council.

There will be no compromise candidate for health officer of Alexandria according to the statement of members of city council, and the fight will be fought to a finish between Dr. E. A. Gorman, the incumbent, and Dr. T. Marshall Jones.

The friends of both physicians deny that either one has weakened and are confident that their man will be elected on the first ballot when council meets again on December 8th.

There has been considerable talk of changes to be made in the votes of councilmen at that meeting, but no definate announcements to this effect have been made. At the last meeting of council it was impossible to elect the health officer because neither side could secure 13 votes which are required to elect.

Twenty-three persons were killed and a number of others were injured in an arthquake which occurred on Friday in western Greece and the Ionian Islands.

CZAR IS RUSHING MEN INTO POLAND

Ncholas's Hopes Now Rest With His Gerat Reinforcements.

TERRIFIC FIGHTING.

Muscovites Still Claim Successes—Tide of Battle Must Soon Turn One Way or Another.

Petrograd, Nov. 30.—The hope of Russian arms now rests with the great re-enforcements which have been rushed forward to the battle line in Poland. It is still confidently expected that the German armies on th line from the south of Plock to the region of Lodz will be crushed. Terrific fighting has marked the efforts of the enemy to cut their way out of that region, and real success has not yet been gained by the Russians.

The official statement today declare favorable progress is still being made by the Russian force, but it is evident that the various battles which have been going on during the past week have practically welded themselves into one vast engagement, which must soon turn one way or the other.

The army of General Kakenzen is declared to have been virtually cut in three parts, but one section has succeeded in extricating itself from iits precarious position, though only with tremendous losses.

FIRST WARD FIRE BUG.

Abortive Attempt to Cause Another Blaze in the Southeastern Section of the City.

There was a narrow escape from another conflagration in the First ward last Saturday night. An incendiary had fixed upon Zion Hall, on Franklin street, between Fairfax and Royal, in which moving pictures were formally exhibited and had the fire not been discovered in time a disastrous conflagration would have resulted. Virtually all the houses in that locality are of wood and occupied by colored people, and had the structure started to burn other nearby houses would have been destroyed also. It was discoverd that coal oil was used by the pyromaniac. The fire was soon extinguished by people living in the neighborhood. There have been four incendiary fires in the southeastern sction of the city during the past few weeks. The buildings destroyed were unoccupied at the time of their destruction.

BODY IDENTIFIED.

Wimington, Del. Nov. 30.—The body of an automobile driver found last night burned to death under his car at New Castle, near here, has been identified as that of Harry Doughty, of Franklin City, Va. The body was found by the crew of a trolley car.

It is believed Doughty was on his way from Wilmington to his home alone when the car turned turtle and and pinned him beneath it.

GUNS ON CRACOW STEEPLE

Russian Commander Complains Germans Put Them There.

Petrograd, Nov. 30.—The Russians commander is much embarrassed by the fact that wireless apparatus, cannon and machine guns for repulsing attack by the Russian aeroplanes have been mounted on the steeples of the old Catholic churches in the centre of Cracow, Galicia," says a semi-official statement issued yesterday. The statement continues:

"To appropriate to such use historical monuments which were not intended for any such purpose denotes on the part of the German military authorities a desire to compel the Russians to bombard this Polish city the fortifications of which form the last bulwarks of the Hapsburgs."

CONSULATES TO BE PROTECTED

General Angeles Has Been Sent to Rescue of Foreigners.

THREE PRESIDENTS.

Zapata Forces in Mexico City Send Special Train and Delegation to Escort Villa to City.

El Paso, Texas, Nov. 30.—Gen. Felipe Angeles, chief lieutenant of Villa, is en route to Mexico City today with an infantry division with instructions to protect the foreign legations. Villa ordered Angeles to the capital when the latter returned to Tula after capturing Guadalajara, but dispatches early today say that Villa himself has not yet decided to enter Mexico City at once.

The Zapata forces in Mexico City sent a special train and a delegation to Tula on Sunday to escort Villa to the capital. Their plans called for his triumphal entry into the city today, but for some reason the northern leader delayed his departure.

Washington, Nov. 30.—With three distinct governments proclaimed in Mexico and others believed to be "in the borning," the beginning of a battle royal which will show one distinct faction supreme was in sight today. The latest claimant, General Pablo Gonzales, has heretofore been looked upon as one of Carranza's chief supporters, and his defection may prove serious to the former first chief, now in Vera Cruz.

WAR TO END IN JUNE

Says German Efforts in Western Theatre Have Been Practically Exhausted.

London, Nov. 30—That the war will be over in June or before was the statement made yesterday by an officer of high command in Gen. French's army.

"The war will be over before Ascot," was the way he put it, and the Ascot race meet comes in the middle of June when there is one.

His statement was made in all seriousness, and was justified, in his mind, by what he described as the fact of the situation.

These, in brief, he says are that the German efforts in the western theater of war are practically exhausted; that pressure on the eastern frontier will shortly become severe; that the psychological moment for the general offensive for which Gen. Joffre is waiting is rapidly approaching, and that when it does arrive the combined movements of the allies east and west will prove irresistible.

"Early in the summer," said the officer, "Germany will be ready to make peace on the best terms she can obtain."

This prediction is regarded as purely a military one, and leaves out of consideration the question of what terms Germany will be able to obtain or willing to accept. Though the talk of the necessity of crushing Germany is rudely indulged in now, there can be little doubt that six months more of the war will have rendered the world's desire for peace a potent factor in considering its terms.

MT. VERNON BOULEVARD

Authorities of Alexandria County Secure Titles to Land Needed in Proposed Improvements.

Announcement is made that the authorities of Alexandria county have secured the titles to the land needed for the new Mount Vernon boulevard, to be constructed from the south end of the highway bridge to Alexandria, and that there is nothing in the way to prevent the early start on the construction of the road. It is the desire on the part of the officials of the Department of Agriculture of the United States government, under whose direction the road will be built, to commence grading at once in order that the dirt can be allowed to settle during the winter and the road completed in the early spring. The federal appropriations will expire on the first of next July und if the road is not completed by that time the government money will not be available. Deeds from 49 property owners, including the city of Alexandria have been secured and as many of the owners were non residents of the county, it required considerable work on the part of Commonwealth Attorney Mackey to secure their signatures.

The part of the road that lies in Alexandria county extends from the government built road at the south end of the Arlington gate to the city limits of Alexandria. Here it will join the paved streets of Alexandria and at the southern limits of the city connect with the new macadam road now being built by the authorities of Fairfax county to Mt. Vernon. The latter portion of the boulevard is rapidly nearing completion.

BOY INSTANTLY KILLED

Eight-Year-Old Melvin Humphries Picks Up Live Wire at Old Depot of Washington Southern Road.

A coroner's jury, consisting of James W. Bales, foreman, Norman L. Williamson, George W. Carter, L. F. Dyson, Norman Roberts and George H. Robinson, summoned for the purpose of investigating the death of Melvin E. Humphries, the eight year old son of Mr. and Mrs. John W. Humphries, of 1006 Queen street, who was killed by picking up a live wire yesterday afternoon, met this morning at Wheatley's undertaking establishment and in view of the absence of material witnesses, adjourned until Friday night at 8 o'clock.

Young Humphries was killed shortly after one o'clock yesterday afternoon. He was on the way to the home of his grandmother accompanied by two companions when he stopped at the site of the old Pennsylvania Railway station and picked up a wire which was dangling from a pole nearby. When he caught the wire he fell, but struggled to his feet. Two young men who were passing carried him to the pharmacy of W. J. B. Duncan, corner of Patrick and Queen Sts. Mr. Duncan found the lad's forehead discolored and his pulse low. The ambulance of the Alexandria Hospital was summoned and the boy died on his way to the hospital. Dr. Marshall Jones, city coroner, was notified and ordered a jury to investigate into the death.

LIVE WIRE MENACE.

The distressing accident yesterday afternoon by which the life of a little boy was snuffed out when he took hold of an innocent looking wire at the old Pennsylvania Railroad depot should cause the authorities to start immediately on a thorough examination of the city in order to ascertain if conditions are safe from the deadly current which often makes alive telegraph and telephone wires.

Electricity is at present gradually superseding steam in manufactories, and the dangerous force is carried on wires to all sections of the city and suburbs. The electric light, telegraph and telephone companies in many cases use the same poles, and it is an ordinary occurrence for the wires to become crossed. This is especially liable to be the case during the prevlance of high winds. On such occasions wires are often broken and hang conveniently for children to thoughtlessly catch hold of the same.

Our Board of Health is active in selecting water which would be used on certain occasions and the prompt manner in which it has acted during the recent murrain in cattle shows the organization is awake to the nature of articles which we eat or drink. It goes without saying that steps should be taken immediately to see that all wires in the city are properly insulated and that none are crossed, as they are a greater menace than many other things.

The case of the unfortunate little boy referred to above should be a sufficent hint that due precaution should be taken in order that there be no more distressing accidents from this source.

It will be remembered that the day following the wind storm of July 30, 1913, a horse trod upon a wire on Duke street, near Fairfax and was instantly killed. Any pedestrian was likely to have suffered a similar fate.

OPPOSITION TO MILITARISM.

During the past few months some alarmists have been possessed of the notion that the United States should keep a standing army of about half a million men. In order to do this it would be necessary for Congress to pass laws similar to those of Germany requiring all able bodied males to serve a certain number of years as soldiers.

No doubt many who are engaged in the propaganda to make the United States an armed camp are interested in various ways, as in order to carry out such a project many millions of [illegible] would be spent annually.

[illegible] the views which combats [illegible] in the defensive strength of the country, at least for the present, [illegible] by Chairman James [illegible] of the House Military Affairs Committee, who declared that Congress must provide a conscription law to get the men and the American people must submit to enormously increased taxation to pay the bill should this country adopt a new military policy calling for a standing army of 500,000 soldiers.

Representative Hay, said he does not believe the American people are willing to assume an enormous military tax, under which the European powers have been suffering for years. He estimates that a standing army of a half million men will cost in additional taxes the sum of $650,000,000 which is nearly equivalent to a 100 per cent, increase in taxation. Mr. Hay is also of the opinion that the time is not ripe for to map out extensive plans for a big military establishment.

At present, he says, all the big European powers are engaged in a titanic war, and when the present conflict is ended none of those powers will be in position, either from the standpoint of finances or that of army strength to wage a war on the United States for many years tocome. He says we should wait a while before jumping to conclusions as to what is best for this country to do to meet the military conditions arising out of the present war.

BELIEVES FRANK IS INNOCENT.

Mrs. Kate Waller Barrett, president of the National Council of Women, has just returned to Alexandria from an extended trip through the South and among the varied things that interested her while away was a study at first hand of the Frank case. Mrs. Barrett, having lived in Atlanta for a number of years, was naturally interested in the matter but her feeling was deepened by the fact that she was in that city when the murder was committed and delivered an address on a Sunday afternoon at one of Atlanta's churches in the same block where the little victim was lying unburied.

Mrs. Barrett has no hesitancy in declaring her belief in Frank's innocence and says that it will be one of the greatest crimes of the day if he is permitted to go to his death without a new trial. She says that when the first trial took place public opinion was so strong against Frank that it was almost impossible for him to secure a fair trial.

Mrs. Barrett's views coming on the top of the declaration of Mr. Justice Homes who says that he has grave doubts as to whether Frank has been given a fair trial will caused some people in Alexandria to stop and think.

It is hard to see how Frank again is to get his case in the courts of Georgia, but it is not to be doubted that there is a way in which it may be done, and that this way will be found. Georgia cannot afford to put Frank to death despite the statement of a justice of the highest court in the land that a fair trial was not granted the accused. A second trial, conducted with absolute fairness to Frank, may establish his guilt. Georgia owes it to herself to see that such trial is granted.

THEY ALL DEMAND IT.

Alexandria like every city and town in the Union, receives it.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Alexandria evidence of their merit.

Mrs. Annie Scott, 110 Prince St., Alexandria, says: I had pains in my back and I couldn't rest well. In the morning I always felt tired and worn out, and I also had dizzy spells. Doan's Kidney Pills did such good work that it is a pleasure to recommend them to other kidney sufferers. I am the same strong friend to Doans Kidney Pills today as I was some years ago when I told of the cure they had made for me. The cure has been lasting.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D prescription for eczema.

THE SUPERVISING NURSE of one of our prominent Catholic institutions (name of nurse and institute on application), writes regarding a patient. "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

How many eczema sufferers are paying their doctors for regular treatment and are being treated with this same soothing, healing fluid?

DR. GEO. T. RICHARDSON [illegible] writes "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and see!

And it certainly takes away the itch at once—the moment the liquid is applied. The skin is soothed—calmed—so thoroughly refreshed—delightfully cooled.

All druggists of standing have the famous specific as well as the efficient D. D. D. Skin Soap.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

WAVE OF CRIME IN NEW YORK

Police Busy Trying to Unravel Several Recent Bomb Plantings and Murders.

New York, Nov. 30—Police of New York face a veritable wave of crime on the first swell of which, in the space of a few weeks, have come four bomb outrages, one street assassination that smacks of a Rosenthal murder, and a barrel murder mystery.

The first bomb outrage occurred several weeks ago when two men and a woman, thought to be members of a white slave band with ramifications that extend throughout the country partially wrecked the new Bronx county courthouse and shattered the offices of the county sheriff.

The next one followed several days later when a bomb, the fuse sputtering dangerously near the explosive was discovered near a judge's bench in a city court in time to prevent damage and possible death to several persons. While the police still were without clew to these outrages two men dropped a barrel on a curb in Long Island City. It contained the still warm body of a man who had been shot through the heart.

Then came the wrecking of the first floor of a tenement in Cherry Street. Investigation by the police uncovered the fact that the place had been occupied by a Sicilian club.

In one of the rooms was found enough explosives to have blown the six-story tenement to bits. Two injured men and a third, who was aiding them, were arrested in one of the wrecked rooms.

Within a day after the wrecking of the Cherry Street bomb plant Barnet Baff, whose fight against the poultry trust resulted in the conviction and sentencing to jail of thirteen of its members, was lured from his office and shot to death in crowded street. His two murderers escaped in an automobile.

The last bomb explosion occurred late Thursday. A man who said his name is Tony Lollo was carrying a bundle along East One Hundred and Fourteenth Street. Suddenly the "bundle" exploded, ripping away two of Lollo's fingers. It was a dynamite bomb.

The police are certain he can be connected in some way with New York's bomb planters.

YOUTH BEATEN TO DEATH

Called From Church Social by Two Comrades—Brass Knuckles Used By Assailants.

Huntington, W. Va., Nov .30—During a church social at Polkadot, Ohio, near this city yesterday Lawrence Watson, 17 years old, was called from the church and beaten to death by two comrades, who, the authorities say, are Ray Dillon and Ezra Knight, of Millersport, Ohio. Both boys are under arrest.

The youths, apparently the best of friends, had gone to the social together, accompanied by some girl friends. A quarrel occurred, Knight and Dillon leaving. Later they are said to have used the name of a girl as a pretext to lure Watson from the building. They are alleged to have attacked Watson using steel knuckles.

His cries brought a hundred persons from the church, but his skull had been crushed in several places when they reached the scene. The assailants fled, but were captured late last night.

Watson is the son of Scott Watson, a farmer of eastern Lawrence couty. The other boys are members of prominent families.

ANTHRACITE COAL

We strongly urge our customers to take in their winter's supply of fuel early.

Coal mined in the summer and early fall months is generally more carefully prepared and the supply is more certain at this time than it might be later this year.
